

Icing on the Cake

A favorite of children across the world, **Thomas & Friends™** actually began as a book series by W.V. Awdry to amuse his son Christopher.

Originally called **Thomas the Tank Engine and Friends™**, the series was first broadcast as a children's television show in 1984.

Thomas, the star of the show, is a cheeky little engine with a penchant for tackling projects a little too big for himself.

The show features timeless life lessons about such character qualities as perseverance, kindness, and respecting others.
